LOMITAS ELEMENTARY SCHOOL DISTRICT ORDERING AN
ELECTION, AND ESTABLISHING SPECIFICATIONS OF AN
ELECTION ORDER

JAN 16 2018

By: [REDACTED]

DEPUTY CLERK

WHEREAS, the Board of Trustees (the "Board") of the Las Lomas Elementary School District (the "District") is committed to maintaining the quality of education in local public schools by making basic repairs to each Las Lomas and La Entrada Schools to protect quality instruction in core subjects like math, science, reading and writing; and

WHEREAS, since the District wants our students prepared to succeed in a 21st Century economy, children need updated full-service schools which are accessible, clean and safe learning environments; and

WHEREAS, the Board believes that to achieve that goal the District must maintain and repair classrooms, facilities and equipment, as needed, so that all facilities and campuses are efficient, safe, secure and up-to-date, all of which are critical for student health and academic performance; and

WHEREAS, the State of California (the "State") does not provide the District with enough money for the District to adequately maintain its educational facilities and academic programs; and

WHEREAS, the Board has concluded that the District's only remedy to avoid undermining its educational programs is to secure local funding that the State cannot take away; and

WHEREAS, the Board has received information regarding the possibility of a local bond measure and its impact on protecting student safety, improving schools and making basic repairs to aging facilities; and

WHEREAS, such a bond measure also can provide funds that cannot be taken away by the State; and

WHEREAS, such a measure must include mandatory taxpayer protections, including an independent citizens' oversight committee and mandatory audits to ensure funds are spent properly; and

WHEREAS, on November 7, 2000, the voters of California approved the Smaller Classes, Safer Schools and Financial Accountability Act ("Proposition 39") which reduced the voter threshold for *ad valorem* tax levies used to pay for debt service on bonded indebtedness to 55% of the votes cast on a school district general obligation bond; and

WHEREAS, concurrent with the passage of Proposition 39, Chapter 1.5, Part 10, Division 1, Title 1 (commencing with Section 15264) of the Education Code (the "Act") became operative and established requirements associated with the implementation of Proposition 39; and

WHEREAS, the Board desires to make certain findings herein to be applicable to this election order and to establish certain performance audits, standards of financial accountability and citizen oversight that are contained in Proposition 39 and the Act; and

WHEREAS, the Board desires to authorize the submission of a proposition to the District's voters at an election to authorize the issuance of bonds to pay for certain necessary improvements and enhancements to District educational facilities; and

WHEREAS, the Board hereby determines that, in accordance with Opinion No. 04-110 of the Attorney General of the State of California, the restrictions in Proposition 39 which prohibit any bond money from being wasted or used for inappropriate administrative salaries or other operating expenses of the District shall be monitored strictly by the District's Citizens' Oversight Committee; and

WHEREAS, pursuant to Education Code Section 15270, based upon a projection of assessed property valuation, the Board has determined that, if approved by voters, the tax rate levied to meet the debt service requirements of the bonds proposed to be issued will not exceed the Proposition 39 limits per year per \$100,000 of assessed valuation of taxable property; and

WHEREAS, Elections Code Section 9400 *et seq.* requires that a tax rate statement be contained in all official materials relating to the election, including any ballot pamphlet prepared, sponsored, or distributed by the District; and

WHEREAS, the Board desires to authorize the filing of a tax rate statement and ballot argument in favor of the proposition to be submitted to the voters at the election;

✓ WHEREAS, pursuant to the Elections Code, it is appropriate for the Board to request consolidation of the election with any and all other elections to be held on Tuesday, June 5, 2018, and to request the San Mateo County Registrar of Voters to perform certain election services for the District; and

PROJECT LIST

The Board of Trustees (“Board”) of the Las Lomitas Elementary School District is committed to repairing aging schools by fixing deteriorating classrooms, and ensuring the safety and security of all students. - (i) **Repair and replace aging and leaking roofs; and**
- (ii) **Repair and replace outdated fire systems; and**

- (iv) **Adhere to specific fiscal accountability safeguards such as:**
 - (a) **PROHIBIT THE STATE FROM TAKING ANY OF THE FUNDS RAISED;**
 - (b) **Require that expenditures must be subject to annual independent financial audits; and**
 - (c) **Require independent citizens’ oversight of bond funds.**

The Project List includes the following types of upgrades and improvements at the District schools and facilities:

The listed projects will be completed as needed. Each project is assumed to include its share of furniture, equipment, architectural, engineering, and similar planning costs, program management, staff training expenses and a customary contingency, and escalation for unforeseen design and construction costs. In addition to the listed projects stated above, the Project List also includes the payment of the costs of preparation of all facility planning, facility assessment reviews and master plans, environmental studies, construction documentation, inspection and permit fees, and temporary housing of dislocated District activities caused by bond projects, as well as the refinancing of outstanding lease obligations. The upgrading of technology infrastructure includes, but is not limited to, fiber modifications, servers, switches, routers, modules, computers, district-wide computer labs upgrades, smart boards, cameras, sound projection systems, wiring classrooms for internet connectivity, wireless networks, wireless access points and controllers, portable interface devices, mobile device management systems, printers, upgraded voice-over-IP, phone systems, call manager and network security/firewall, and other miscellaneous equipment. The budget for each project is an estimate and may be affected by factors beyond the District's control. Some projects throughout the District may be undertaken as joint use projects in cooperation with other local public or non-profit agencies. The final cost of each project will be determined as plans are finalized, construction bids are awarded and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Demolition of existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating enhanced and operationally efficient campuses. Necessary site preparation/restoration and landscaping, may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing, or installing irrigation, utility lines, trees and landscaping, redirecting fire access, and acquiring any necessary easements, licenses, or rights of way to the property.

TAX RATE STATEMENT
LAS LOMITAS ELEMENTARY SCHOOL DISTRICT
JUNE 5, 2018

MARK C. [REDACTED]
By: [REDACTED] DEPUTY CLERK

An election will be in the Las Lomitas Elementary School District (the "District") on June 5, 2018, to authorize the sale of up to \$70,000,000 in bonds of the District to finance school facilities as described in the proposition. If the bonds are approved, the District expects to sell the bonds in multiple series. Principal and interest on the bonds will be payable from the process of tax levies made upon the taxable property in the District. The information regarding tax rates is provided to comply with Section 9401 of the Election Code of the State of California. This information is based upon the best estimates and projections presently available from official sources, upon experience within the District and other demonstrable factors.

Based upon the foregoing and projections of the assessed valuations of taxable property in the District, and assuming the entire debt service, including principal and interest on the bonds, will be paid through property taxation:

1. The best estimate from official sources of the average annual tax rate that would be required to be levied to fund that bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors is \$0.03 per \$100 of assessed valuation of all property to be taxed. The best estimate of the final fiscal year in which the tax is anticipated to be collected is 2047-48.
2. The best estimate from official sources of the highest tax rate that would be required to be levied to fund that bond issue, and an estimate of the year in which that rate will apply, based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors is \$0.03 per \$100 of assessed valuation of all property to be taxed.
3. The best estimate from official sources of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is \$123,912,338.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only. The actual tax rates and the years in which they will apply may vary from those presently estimated due to variations from these estimates in the timing of bond sales, the amount of bonds sold, and the market interest rates at the time of the sales, and the actual assessed valuations over the term of repayment of the bonds. The date of sale and the amount of bonds sold any given time will be determined by the District based on its need for construction funding as well as other factors. The actual interest rates at which the bonds will be sold will depend on bond market conditions at the time of sale. Actual assessed valuations at future dates will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the County of San Mateo or in the annual assessment and the equalization process. Accordingly, the actual tax rate and the years in which such rates are applicable may vary from those presently estimated above.
