- 3** Request that Elections Division staff bring an accessible version of the County's electronic voting machine to a convenient location, to cast an electronic ballot privately and independently. This system includes audio ballot reading technology, uniquely shaped large buttons with Braille descriptions, a low height to permit wheelchair-based use, and use of adaptive interface devices such as sip-and-puff and tactile input switches to control the input. The Elections Division staff will set up the equipment and be available to assist the voter during the process.
- 4** Request that the Elections Division staff arrange free transportation for the voter to and from a Vote Center during the early voting period, where the County's accessible electronic voting machine may be used by the voter.

Options 2 - 4 are generally available from 7 a.m. to 8 p.m., 7 days a week during the early voting period starting 28 days before the election. Voters who contact the Elections Division Monday through Thursday will receive service the following day or sooner. Voters who contact us on Fridays can schedule an appointment for the following Monday or sooner if possible. Special accommodations can be made for service outside established hours. Option 1 is available anytime, day or night, during the early voting period and on election day (October 9 – November 6). Voters with disabilities can access computers with screen readers, screen magnifiers and printers at four 29-Day Vote Centers and at one 11-Day Vote Center. Specific locations can be found at www.smcacre.org/accessible-vote-mail.

These options only apply to San Mateo County registered voters. Other voters should contact their County elections official for assistance.

If you have questions or wish to schedule one of the options listed above, please contact the San Mateo County Registration & Elections Division at 888.SMC.VOTE (888.762.8683) or registrar@smcacre.org.
