Rebuttal to Argument Against Measure L
San Mateo Union High School District

Don't let the opponents mislead you. They submitted almost identical arguments against every school measure in San Mateo and Santa Clara counties – without considering the specific needs addressed by Measure L.

As community leaders, we know that Measure L is needed. Here are the facts:

- It has been 10 years since the San Mateo Union High School District passed a local measure addressing necessary classroom improvements.
- Measure L will complete the next phase of updates to improve our high schools for today's competitive global economy, remove encapsulated asbestos and make essential safety improvements for generations to come.
- The District has not and will not finance short-term technology with long-term bonds. Technology infrastructure improvements include upgrading classroom bandwidth, Fiber Optics and Wireless Networks.
- The State does not provide adequate funding for capital improvements to our local high schools. Local measures like Measure L are the only way to make necessary modernizations and improvements. Funds from Measure L will stay in our community and cannot be taken away by the State.
- Independent citizen oversight and public audits prove that our local high school district has effectively managed its budget and past bonds. Read the reports at www.smuhsd.org/Page/5192. San Mateo Union High School District has refinanced bonds to save taxpayers millions and secured millions more in state matching dollars to maximize the value of our local dollars.

We all benefit from living in communities with outstanding high schools that attract families to our neighborhoods and protect strong property values.

Join us and vote YES on L for local high school students.
