Ballot Measure Rebuttal Argument Submission Form

If both an argument in favor of and an argument against a measure have been selected for publication in the Sample Ballot & Official Voter Information Pamphlet, a rebuttal to the argument in favor of or the argument against the measure may be submitted as outlined in this form.

The author(s) of the primary argument of the measure may prepare and submit a rebuttal argument or may authorize in writing any other person or persons to prepare, submit or sign the rebuttal argument.

A rebuttal argument will not be accepted unless accompanied by this completed form, which shall contain the printed name(s) and signature(s) of the person(s) submitting it or, if submitted on behalf of a bona fide association of citizens, the name of the association and the printed name and signature of at least one of its principal officers.

Word count limit for Rebuttal Arguments = 250 words

**Rebuttal to Argument Against Measure K
Brisbane Elementary School District**

Measure K funds will go right where they're needed—to improve classrooms and support Brisbane students.

Don't let the solitary opponent mislead you. He doesn't have the facts and doesn't live in our community. Generic examples against bonds from someone living in Morgan Hill do not address local issues or solve local problems.

Measure K is a carefully considered, affordable plan that will allow the District to continue providing a quality education and the best learning environment for local children.

77

Here are the facts:

- Measure K is locally controlled, and every dollar stays here, benefitting local schools, children, and property values.
- Our District's last school improvement measure passed in 2003, nearly 20 years ago!
- New roofs, renovated classrooms and facilities, updated utility systems and new construction projects will benefit local children for decades.
- No other source of funding exists to renovate/construct schools. The per pupil funding which the District receives from the state is intended to be used for the day-to-day business of educating children and not the cost of upgrading, modernizing, and repairing facilities.

95

To protect excellent local schools and ensure students have safe and up-to-date classrooms, vote YES on K. Measure K is the only solution for our schools. The longer we wait, the more expensive these improvements will become.

Many of Brisbane's most respected community members support Measure K. Let's trust them and not listen to the incorrect statements from an outsider.

Our children deserve a quality education. Join us - vote YES on K.
