Submit a second form (this side only) for alternate signers attached to this form and the argument.

Bond Measure _____ Opposing Argument

Dear Neighbors,

This enormous request will not raise teacher salaries, or reduce class size, but it will be a debt of over 30 years. Renters will see the costs passed on to them as property owners will see increases on their tax bill. There are 2 outstanding bonds and if approved, will give the school District \$1,000,000,000 at maturity and not one new school will have been built from the ground up after voters already passed several bonds to fix schools. All schools have wish lists but the District plans to keep replacing school buildings with cheaper modular pre-fabricated structures, guaranteed to last no more than 10 years not the 70 or 100 year buildings they're replacing to enhance neighborhoods and increase property values.

The District website, ssfusd.org, explains the Facilities Master Plan is not even complete with details on actual facility needs at each school site, including dollar amount, yet they need \$8.5 million, and asking \$436,000,000 ? Further, only 12 of 15 schools were completed with the present bond, as the District finds itself in litigation with the builder which has not been settled. Should you trust the District with this record of handling taxpayer funds?

Working families are struggling to fill their gas tanks, put food on the table, cope with food insecurity, the high cost of living in this county and rising inflation, is it fair to ask for more now?

37

As a voter, my commitment and duty is to alert my community. With little to no assurances or safeguards that future handling of funds will be spent according to school needs or as promised, voters should not approve this request. Respectfully ask a Vote
