Argument in Favor of Measure_

Vote Yes on __ to help our District retain our qualified teachers and protect quality academics in our local elementary and middle schools. 7

Having a good teacher in the classroom is an important element to providing a quality education for our students. Our District is currently struggling to recruit and retain teachers in our community as neighboring school districts work to attract our most talented teachers.

For 7 years, our community has supported quality education in our elementary and middle schools with locally controlled funding. However, this funding is set to expire. Without Measure __ our schools will lose over 1 million dollars of annual funding and would most likely be forced to lay off teachers and staff. Our students deserve better.

Measure __ will help prevent talented teachers from leaving our community and protect our core academic programs. It will help struggling students by maintaining and expanding literacy programs, and ensure all students are prepared for high school, college and in-demand careers.

Vote Yes on __ to Support Student Success 8

- Attract and retain highly qualified teachers
- Support students to read at grade level
- Protect core academic programs in reading, writing, math, science and technology

All Funds Support Local Students 5

- All Measure __ funds stay local – the State cannot take one dime
- Citizens' oversight and annual audits ensure all funds are spent as promised
- No funds can be spent on administrators' salaries
- Senior citizen homeowners will continue to be eligible for an exemption

Even if you do not have school-age children, supporting quality education is a wise investment that protects our quality of life and property values.

Join community members, business owners, longtime residents, teachers and parents – Vote Yes on __ to secure local funding for our schools before it expires!
