IMPORTANT TAX LAW CHANGE

Revenue and Taxation Code Sections 480.1 and 480.2 requires legal entities (corporations, partnerships, limited liability companies, etc.) to file form BOE-100-B with the State Board of Equalization (Board) whenever there is a change in control or change in ownership of a legal entity and the entity owns California real property or leases it from a government entity for any term or from a private owner if the remaining term of the lease is 35 years or more.

Effective January 1, 2010 the penalty provisions changed; entities must now file with the Board within 45 days of the event date or be subject to a late filing penalty (10% of the taxes on all the real property owned by the entity within each county).

A change in control occurs when any person or entity obtains more than 50% of the ownership interest in the legal entity. A change in ownership is a transfer of ownership interests in an entity that results in a cumulative transfer of more than 50% of original co-owner interests in that entity; original co-owners status originates when property is excluded from reassessment under section 62(a)(2) in a prior transaction.

Information on filing requirements and penalty provisions is available on the Board's website at <http://www.boe.ca.gov/proptaxes/leop.htm>. (**Note:** Part I, question G of the Business Property Statement and Agricultural Property Statement asks about changes in control and real property ownership.)
