Argument Against Measure N

The bond measure to build the new library will be at least \$58 million, including interest

It will be funded by an increase in property taxes

Unlike parcel taxes, there will be no exemption for seniors

Many of us support a new library, just not on the Beach Blvd. property

We all witnessed the damage to the Beach Blvd. retaining wall and promenade this past winter

As time goes on, the risks of flooding and sea level rise increase

Why construct a publicly-funded building that is potentially in harm's way?

Some of us want to keep the Sanchez library open

It serves nearly half of Pacifica's population including young children, students and seniors

The Sanchez library will be demolished and the property sold to help finance the new library

How will kids and seniors who don't drive get to the new library?

Please, vote "NO" on this library bond issue
