ARGUMENT IN FAVOR OF MEASURE v

A YES vote on Measure v restores and maintains current levels of police and fire emergency services. 15

A YES vote maintains the high quality police and fire protection services we count on in Daly City. 17

Daly City was forced to cut staff and services to balance its budget, while trying to minimize the effects of these cuts on our residents. The community deserves quality services but it is difficult to pay for all the services needed. 17

If Measure v is not approved by 66 2/3% of Daly City voters, the budget cuts resulting in the loss of six police officer and nine firefighter/paramedic positions, including the elimination of the fire engine at FIRE STATION 95, will continue. These cuts severely impact public safety services. The community's safety and well-being rely on maintaining the current level of police and fire protection. 17

A YES vote approving an annual parcel tax at \$162 a year, or \$13.50 a month, for five years is required to save the police and fire services that this community needs and deserves. 14

A YES vote will generate \$3.8 million each year for five years to fully cover salaries and benefits, recruitment, training, uniforms, protective gear, and fire apparatus costs for police and fire personnel. 18

Your YES vote will restore police officers and firefighters in Daly City. THIS LOCAL TAX WILL STAY IN DALY CITY to preserve public safety, and protect our property. 14

We urge your YES VOTE on Measure v. We are fortunate to live in a vibrant and safe city. Passage of Measure v will maintain the high-quality services provided by our outstanding public safety professionals. LET'S KEEP OUR CITY SAFE! P 17

Please join us in voting YES on this important measure. 10
